

## The Organization that helps You Improve your Community

Missouri Community Betterment (MCB) Program, established in 1963, is designed to help Missouri communities enhance their life through overall community development, planning and implementation. The MCB Program accomplishes this mission primarily by lending technical assistance to communities; by officially recognizing the participating communities and neighborhoods; and by awarding those that excel in the program.

The Missouri Community Betterment Educational Fund, Inc. (MCBEF) is a private, not-for-profit corporation made up of businesses, public utilities, community representatives, federal and state agencies and individuals. MCBEF is the sponsor organization of the MCB Program and fulfills its purpose by providing strategic direction, determining the process for judging community participation, designing the annual conference to recognize community achievements, and obtaining the necessary funding for the program.
